---

Hi Rusty...Thanks for organizing this. The date/time that works best for the majority of workgroup members is 9/21 from 1-2 p.m. Prior to the meeting we will provide background materials, an agenda and a roster of attendees. If you need anything else now, please let me know.

Subject: Rodenticide Stakeholder Meeting in DC

Gentlemen,

As you know, what we are calling the "ad hoc rodenticide stakeholders workgroup" has met a number of times, attempting to develop consensus recommendations to EPA on label language regarding rodenticide placement. Some of the members of the group are meeting with Rick at the ASPCRO meeting at the end of the month to provide a preview of the group's recommendations. We would like to also request an opportunity to meet in DC with you and wanted to explore some dates. Are you available to meet on September 13th, 19th, 20th or 21st.
